- Southern African Clothing and Textile Workers Union
- St Mary's Hospital
- Training Institute for Primary Health Care
- Ubuntu Education Fund
- Xstrata Coal SA and Re-Action
- Youth for Christ

South Africa PEPFAR

Farewell and THANKS

- Steve Smith
- Gray Handley
- Karen Kelly
- Rebecca Long
- Melanie Duckworth
- John Crowley
- Annie La Tour
- Bill Coggin
- Renee Saunders

Welcome

- **Ambassador Bost**
- Thurma Goldman
- Subroto Banerji
- Anne Gaven
- Malik Jaffer
- Hilda Maringa
- Lerato Lesole
- Gina Pattison
- Priscilla Tsotseti
- Marie McLeod
- Olga Mashia

1 PEPFAR

Many USG Agencies

Ambassador's Leadership for Agencies

- Department of State
- Health and Human Services
- Centers for Disease Control and Prevention
- Department of Defense
- Peace Corps
- United States Agency for International Development

Interagency Cooperation: Task Force and Secretariat

Seven Principles of South Africa Program

1. Partner with South African Government
2. Support the South African Comprehensive Plan
3. Partner with many and diverse organizations
4. Build on demonstrated success
5. Develop local capacity
6. Plan for sustainability
7. Deliver carefully measured results

New Coordination with Provinces

- PEPFAR projects are required to align activities with Provincial Plans
- PEPFAR projects are required to submit progress reports to Provincial DOH
- 9 PEPFAR Provincial meetings will be held for coordination purposes, all partners working in the province are required to attend

Global Goals: 2-7-10

with 2008 Funding

- Treat **2 million** HIV+ people
 - **55% of funding**
 - **South Africa Goal: 500,000 people on treatment**
- Prevent **7 million** new infections
 - **20% of funding (33% AB)**
 - **South Africa Goal: Prevent 1.8 million infections**
- Care for **10 million** HIV infected and affected individuals (including orphans and vulnerable children)
 - **25% of funding (15% for palliative care)**
 - **South Africa Goal: Care for 2.5 million South Africans**

Service Delivery Program Areas

Prevention

Abstinence and
Be Faithful
Condoms and
Other Prevention
PMTCT
Blood Safety
Injection Safety

Care

Basic Health Care
and Support
TB/HIV
Orphans and
Vulnerable
Children
Counseling and
Testing

Treatment

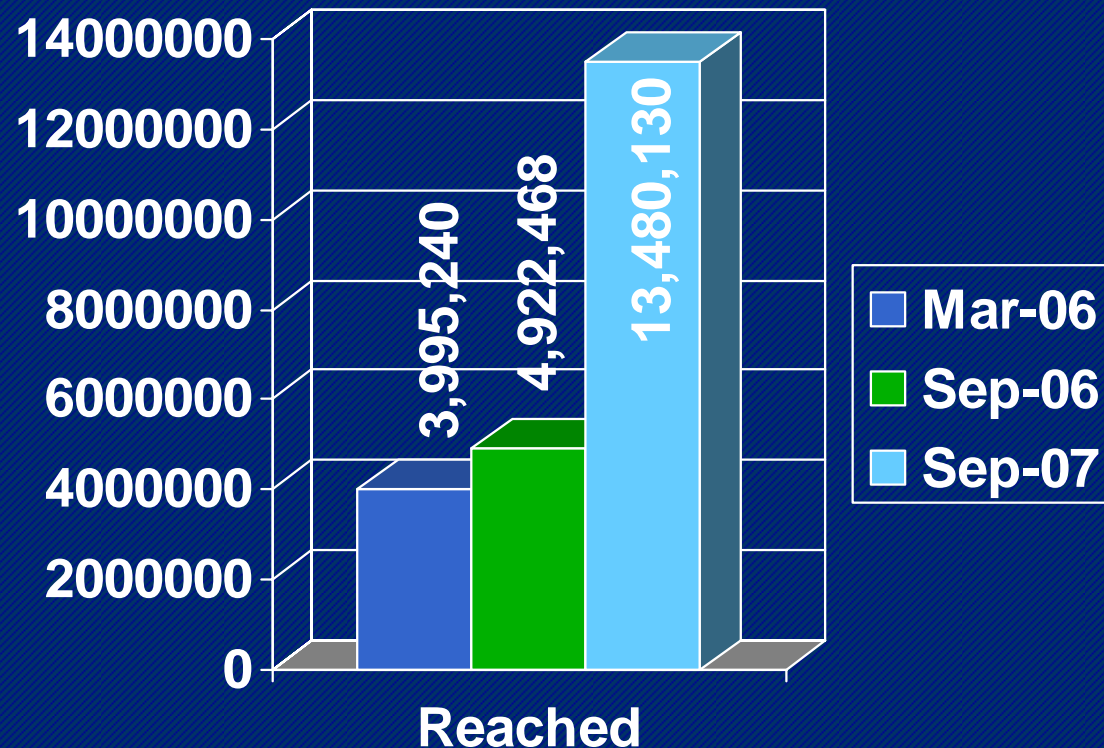

ARV Drugs
ARV Services
Laboratory
Infrastructure

Abstinence and Be Faithful Partners

- National Department of Health
- National Department of Education
- National Health Laboratory System
- National Institute for Communicable Disease
- SA Military Health Services
- Africare
- American Center for International Labor Solidarity
- Association of Schools of Public Health (Harvard)
- Children's AIDS Fund
- Comprecare /PACT
- EngenderHealth
- Family Health International
- Fresh Ministries
- Hope Worldwide SA
- Humana People to People SA/ PACT
- John Snow, Inc.
- Johns Hopkins University / Center for Communication Pgms
- LifeLine North West - Rustenburg Centre
- Living Hope Community Center / PACT
- Mpilonhle
- Nelson Mandela School of Medicine
- PACT
- Population Council
- Salesian Mission
- Salvation Army World Service Office
- Scripture Union Lifeskills Education
- Soul City
- The Futures Group
- Training Institute for Primary Health Care
- Ubuntu Education Fund
- US Peace Corps
- Youth for Christ South Africa

Scaling up AB

- AB messages are conducted through CBOs and FBOs and others
- Emphasis is on person-to-person communication, risk assessments and behaviour change
- Key Strategy is addressing male attitudes, norms and behaviours

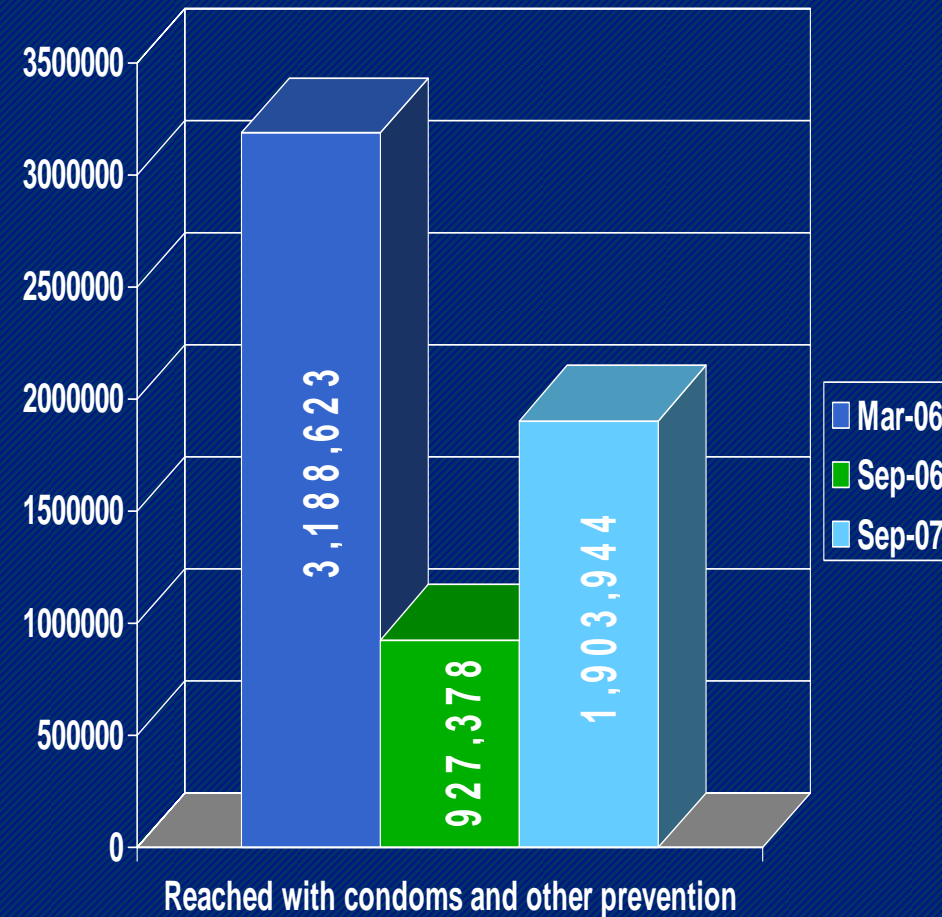

Condoms and Other Prevention Partners

- National Department of Health
- National Department of Correctional Services
- SA Military Services
- Africare
- American Center of International Labor Solidarity
- Association of Schools of Public Health (Harvard)
- EngenderHealth
- Health Science Research Council
- Humana
- John Snow International
- John Hopkins University
- Lifeline Northwest
- Medical Research Council
- Mpilonhle
- Nelson Mandela School of Medicine
- Natal University for Health
- Population Council
- Reproductive Health and HIV Research Unit
- Research Triangle Institute
- Soul City
- The Futures Group
- Youth for Christ

Condoms and Other Prevention

Technical Assistance
helped double
distribution

Number of outlets
increased

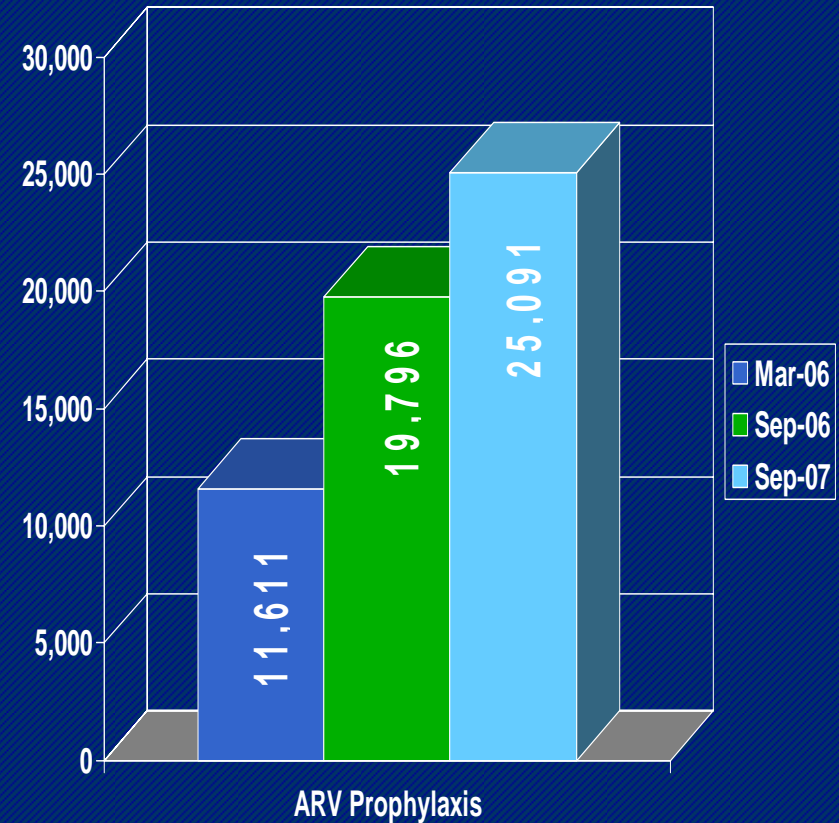

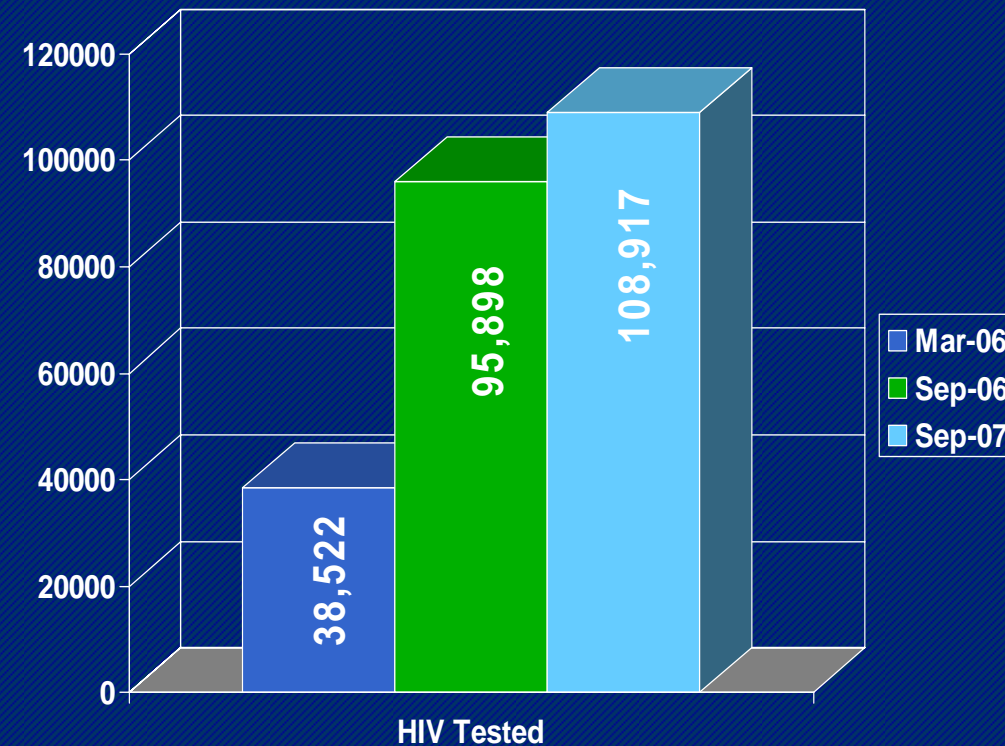

Prevention of Mother to Child Transmission Partners

- National Department of Health
- National Health Laboratory System
- Academy for Educational Development
- Africa Center for Health and Population Studies
- Elizabeth Glaser Pediatric AIDS Foundation
- Family Health International
- Health Sciences Research Council
- International Training And Education Center On HIV
- Leonie Selvan Communication
- Management Sciences for Health
- McCord Hospital
- Medical Care Development International
- Medical Research Council of South Africa
- Mothers 2 Mothers
- PATH
- Perinatal HIV Research Unit Population Council
- University of KwaZulu Natal
- University of Pretoria: CHIP project
- University of Western Cape
- University Research Corporation

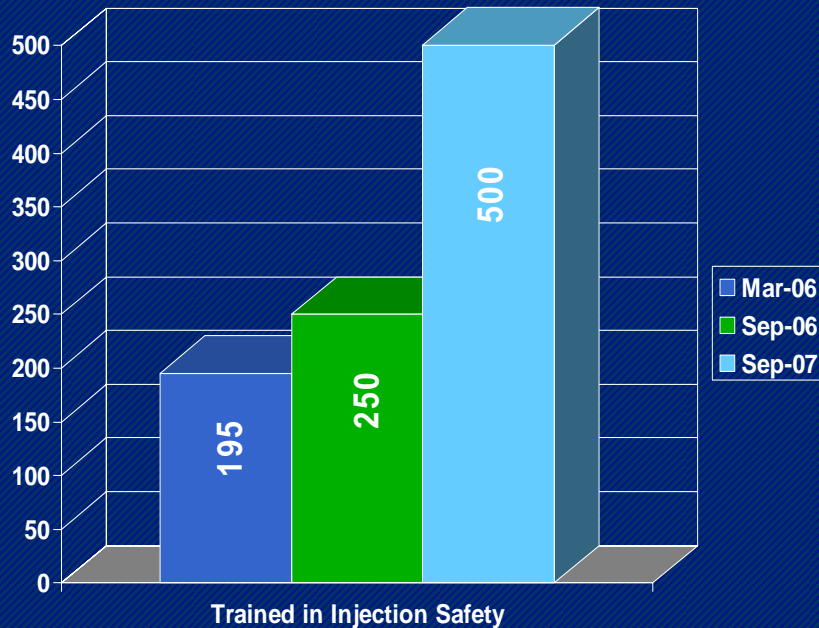

PMTCT

- 300,000 babies born to HIV positive mothers
- 7,563 people trained in PMTCT

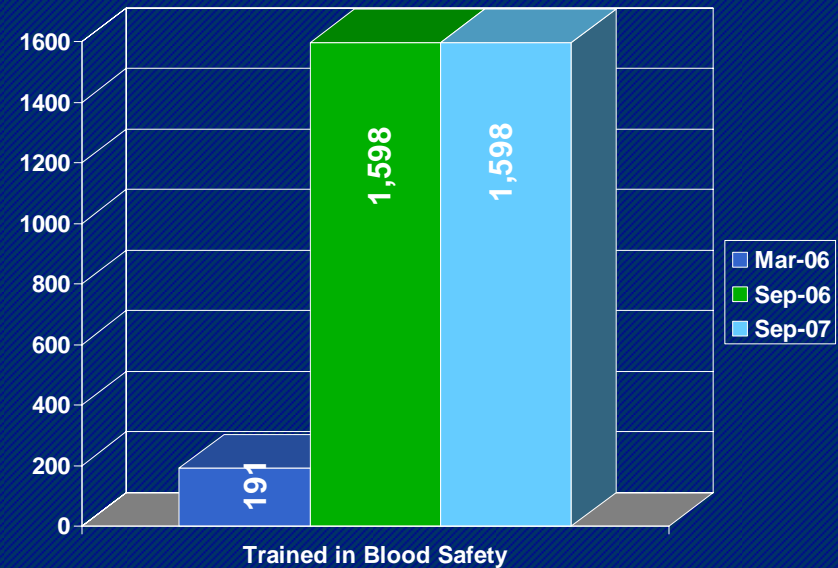

Injection Safety

- HSRC
- John Snow

Blood Safety

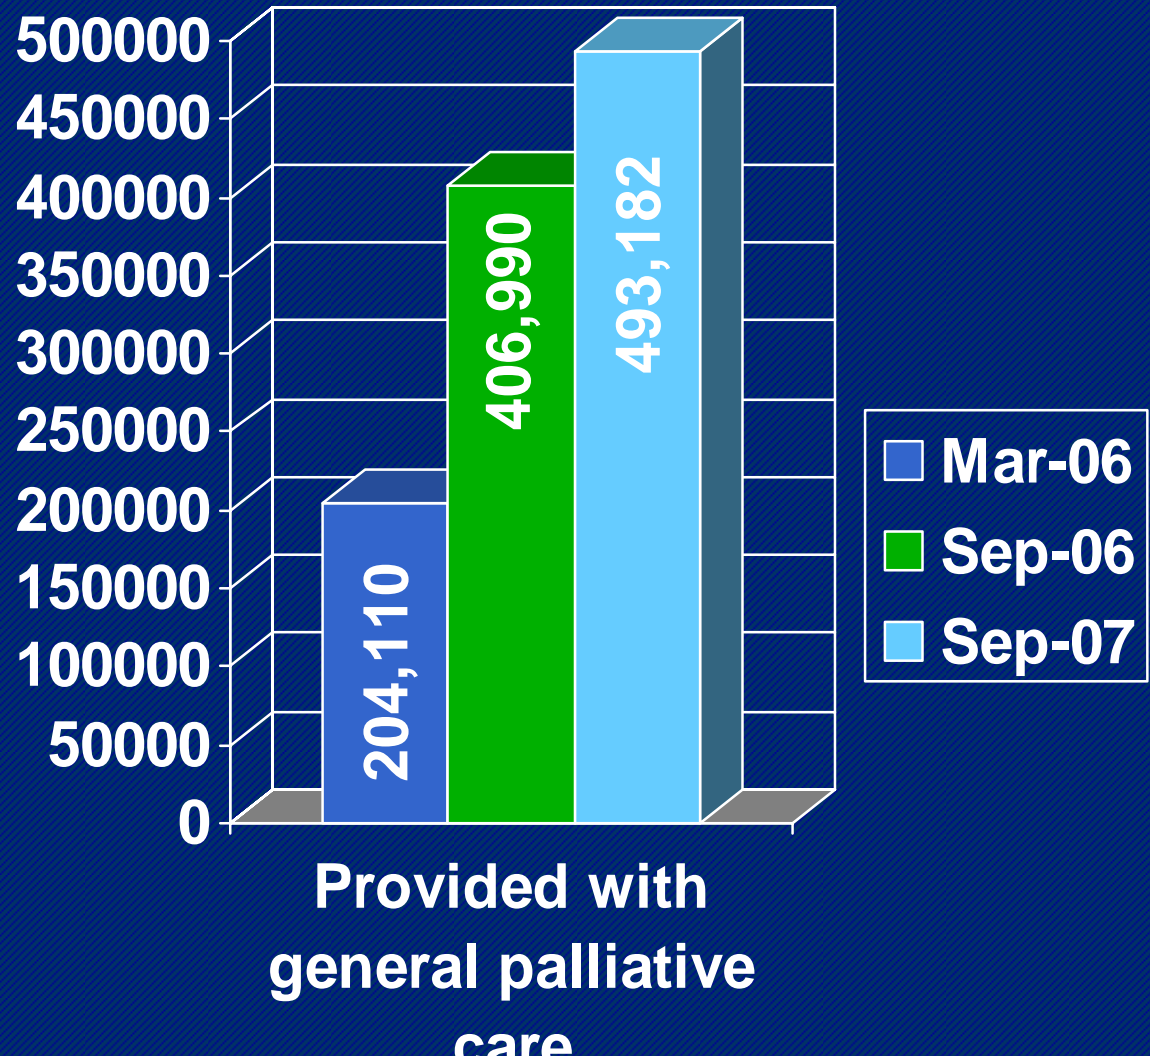

- SA National Blood Service

1,500 people trained in 2005

Training is planned for next six months

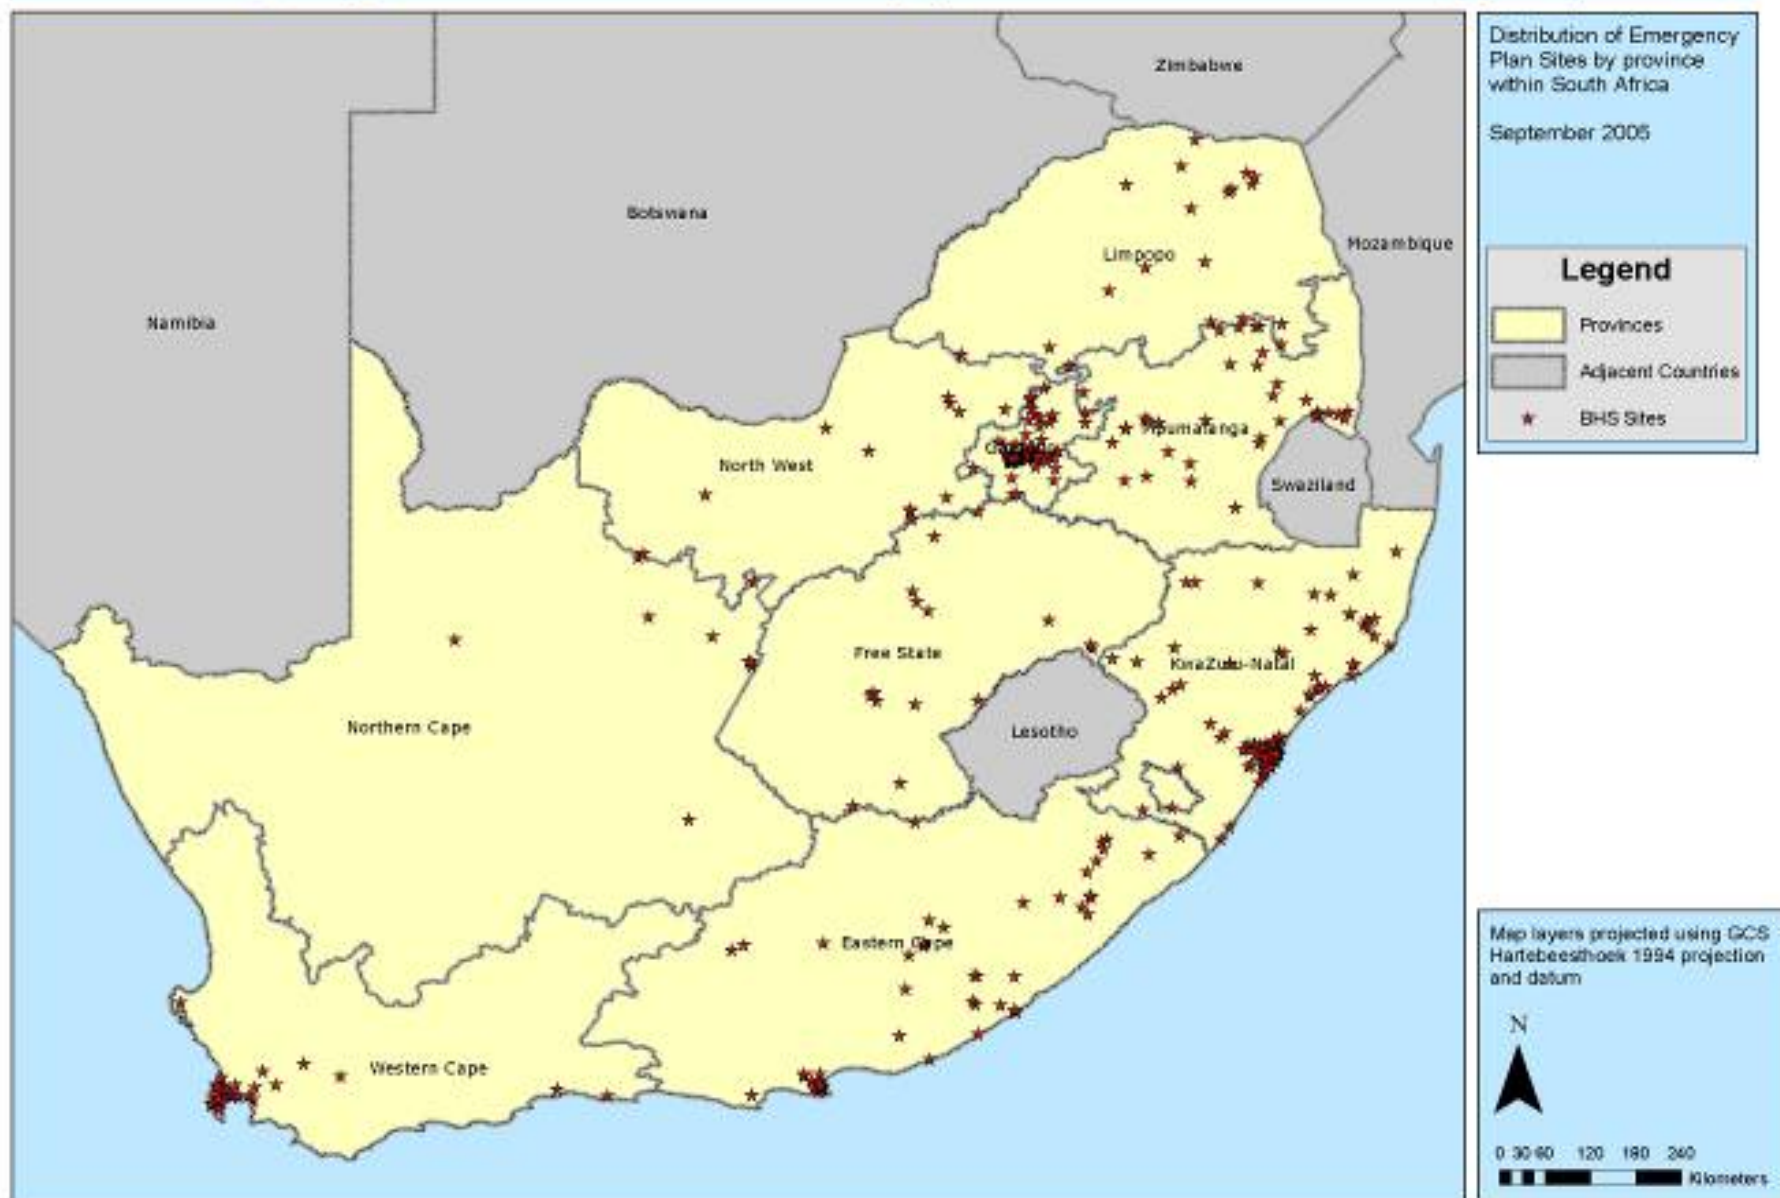

Care: Basic Health Care and Support

Basic Health Care and Support Partners

- National Department of Health
- National Department of Correctional Services
- National Institute for Communicable Disease
- SA Military Health Services
- Africa Center for Health and Population Studies
- Africare
- American International Health Alliance
- AURUM Health Research
- Boston University
- Broadreach Health Care
- CARE
- Catholic Relief Services
- Columbia University
- Elizabeth Glaser Pediatric AIDS Foundation
- Family Health International
- HIVCARE
- Hope Worldwide

- Project Support Association of South Africa
- Reproductive Health Research Unit
- Right to Care
- Salvation Army
- St. Mary's Hospital
- The Futures Group
- Training Institute for Primary Health Care
- Tshikulu Social Investments
- Ubuntu Education Fund
- University of KwaZulu Natal
- University of North Carolina
- University Research Corporation
- Xstrata Coal SA & Re-Action!

Emergency Plan Sites - National Map (Basic Healthcare and Support)

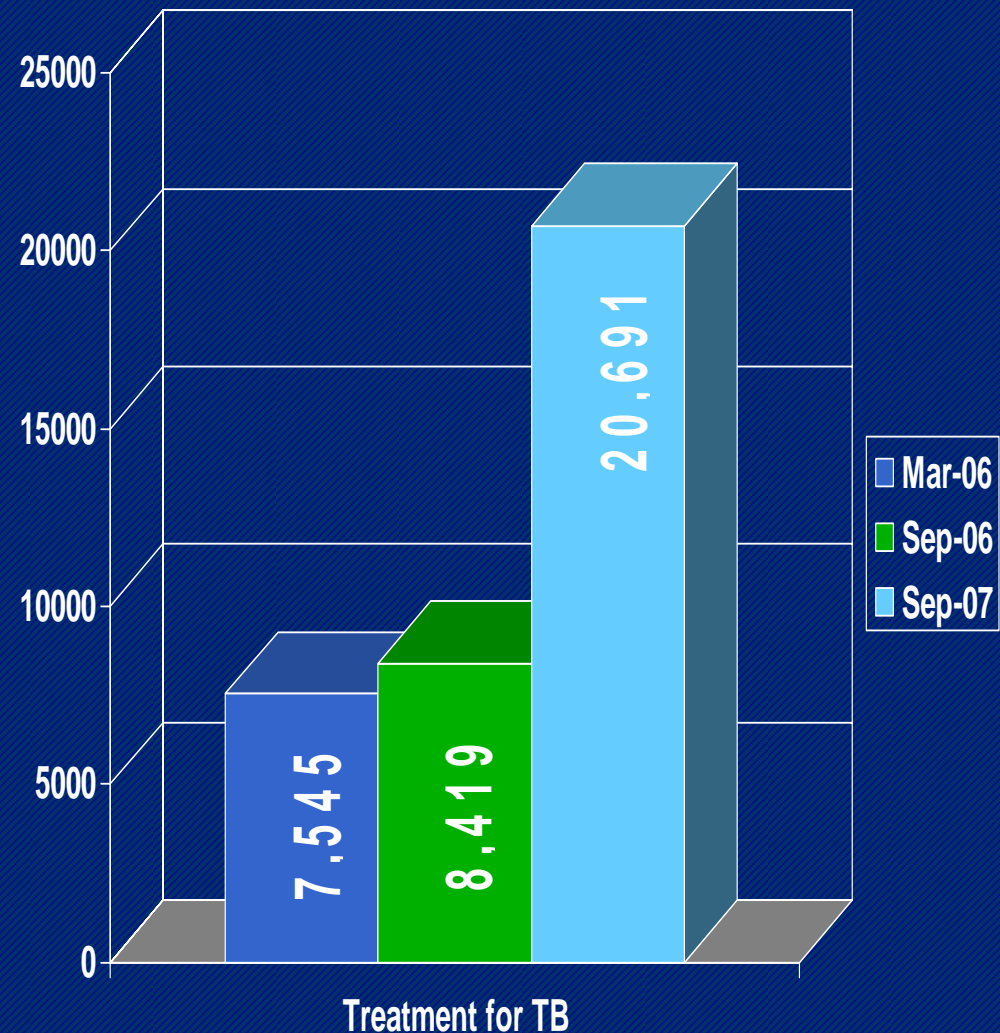

TB/HIV Partners

- National Department of Health
- National Department of Correctional Services
- Absolute Return for Kids
- Africa Center for Health and Population Studies
- Africare
- AURUM Health Research
- Broadreach Health Care
- Catholic Relief Services
- Columbia University
- Desmond Tutu TB Centre
- Elizabeth Glaser Pediatric AIDS Foundation
- Foundation for Professional Development
- Health Sciences Research Council
- JHPIEGO
- Management Sciences for Health
- Medical Research Council
- National Department of Health
- Perinatal HIV Research Unit
- Population Council
- Reproductive Health Research Unit
- Right to Care
- University Research Council

TB/HIV Implementation

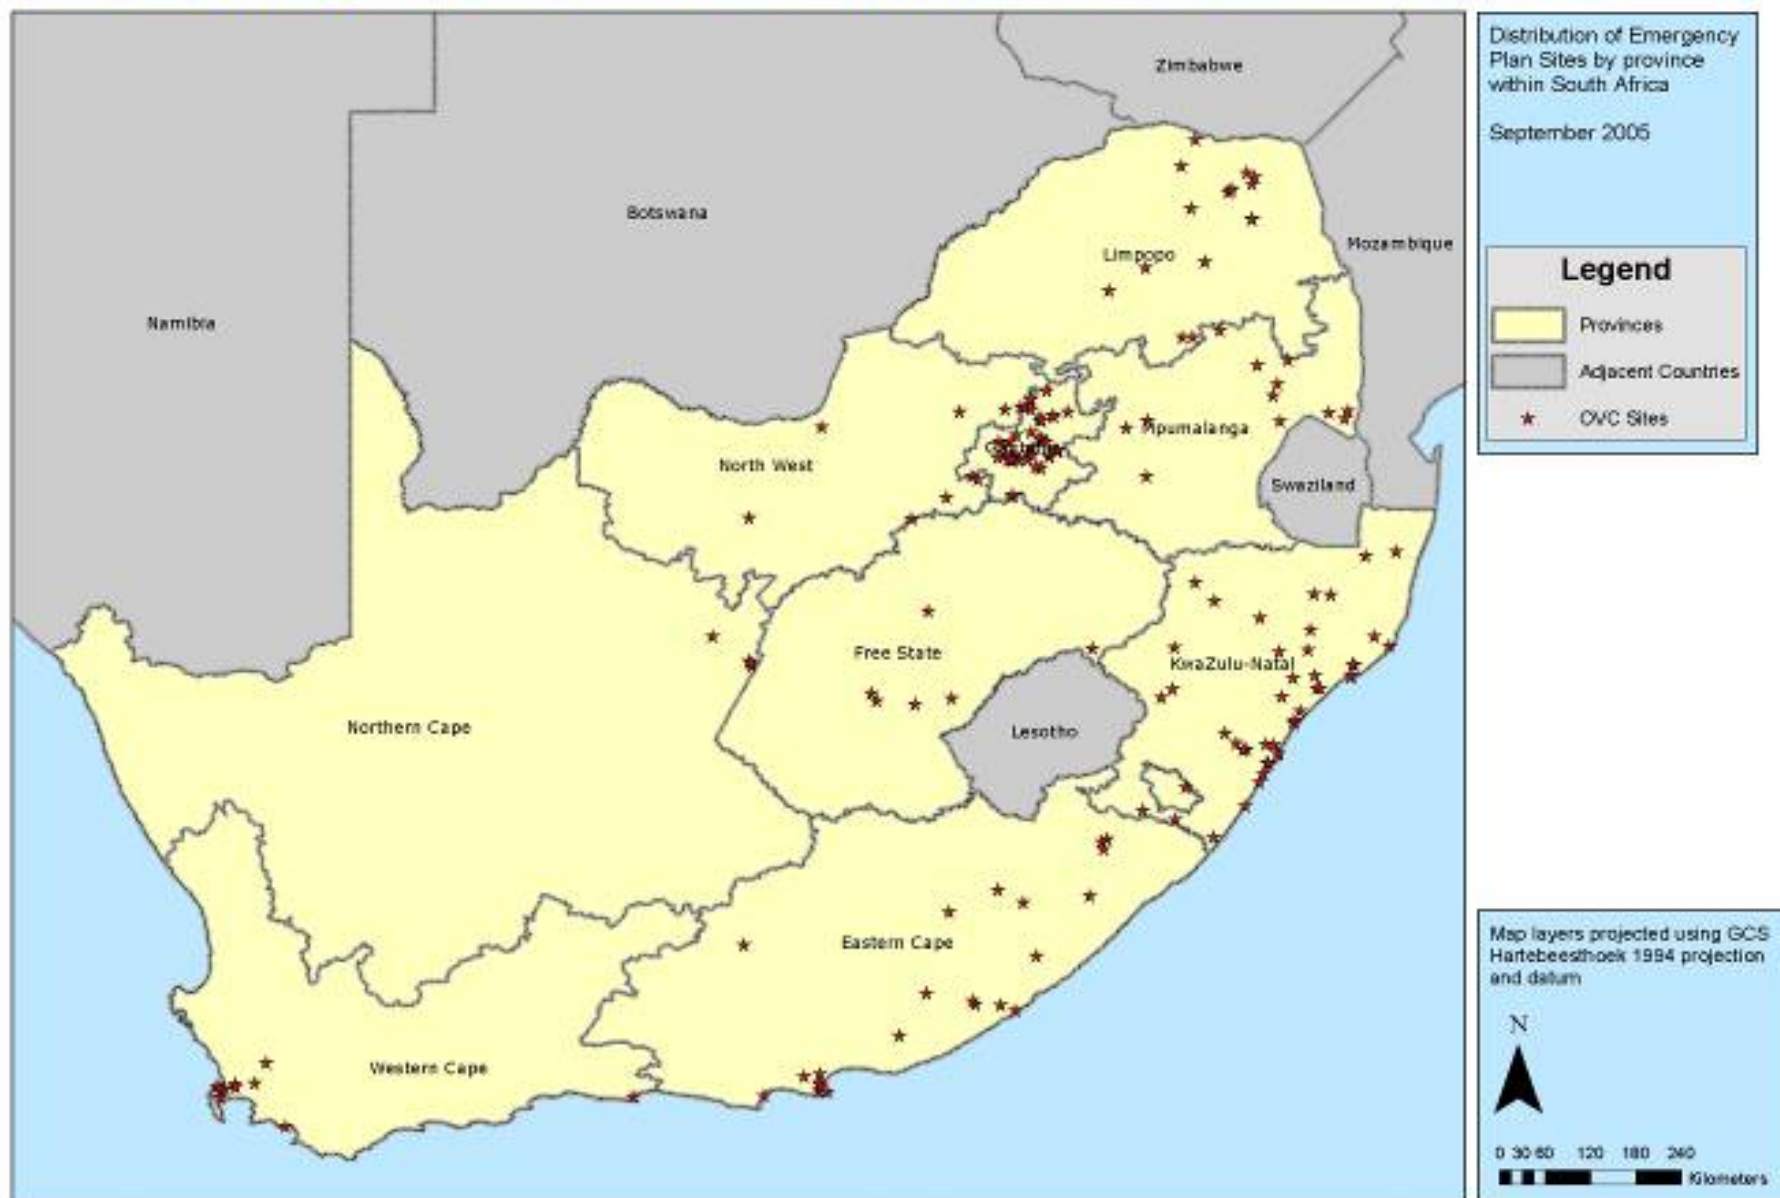

- Need to increase number of TB/HIV partners to ensure services are integrated

Orphan and Vulnerable Children Partners

- Department of Social Development
- SA Military Services
- Absolute Return for Kids
- AMREF
- Africare
- Anglican Church of Southern Africa
- Care USA
- Children in Distress
- Child Welfare South Africa
- Comprecare
- Family Health International
- Hope Worldwide
- John Hopkins University
- Mpilonhle
- Management Sciences for Health
- National Association of Child Care Workers
- Nurturing Orphans of AIDS for Humanity
- Population Council
- Project Support Association of South Africa
- Salvation Army
- Save the Children UK
- Southern Africa Catholic Bishops Conference
- Starfish
- Tshikulu Social Investments
- University of North Carolina/MEASURE
- Ubuntu Education Fund
- US Peace Corps
- World Vision

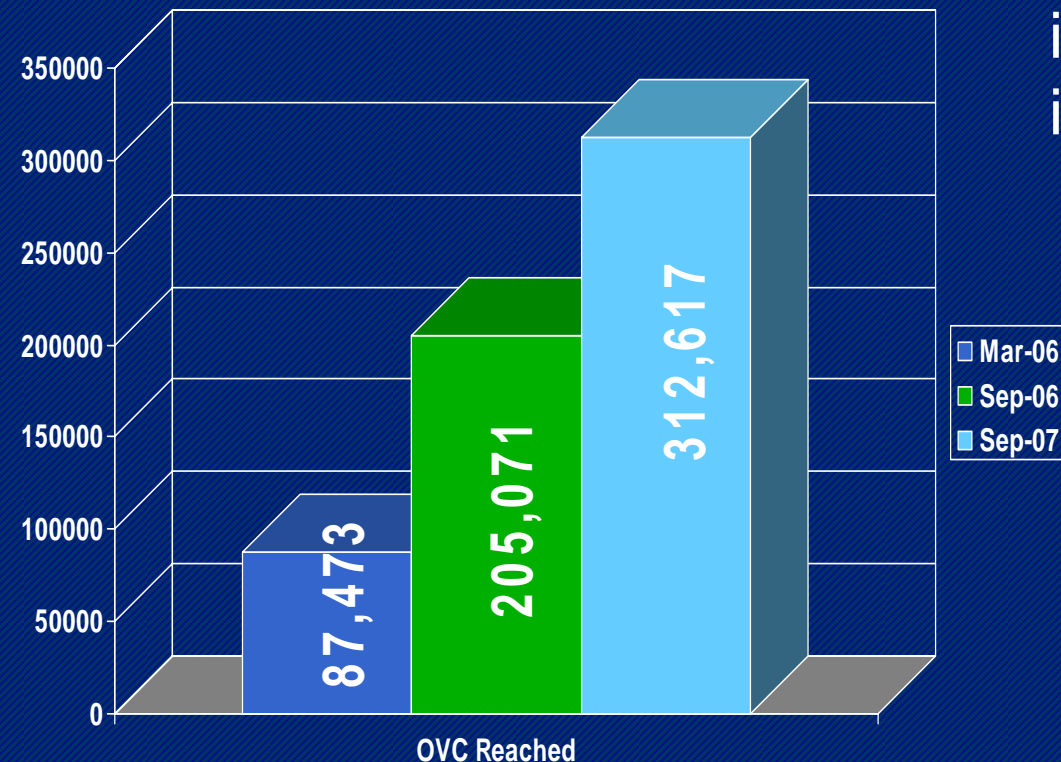

Emergency Plan Sites - National Map (Orphans and Vulnerable Children)

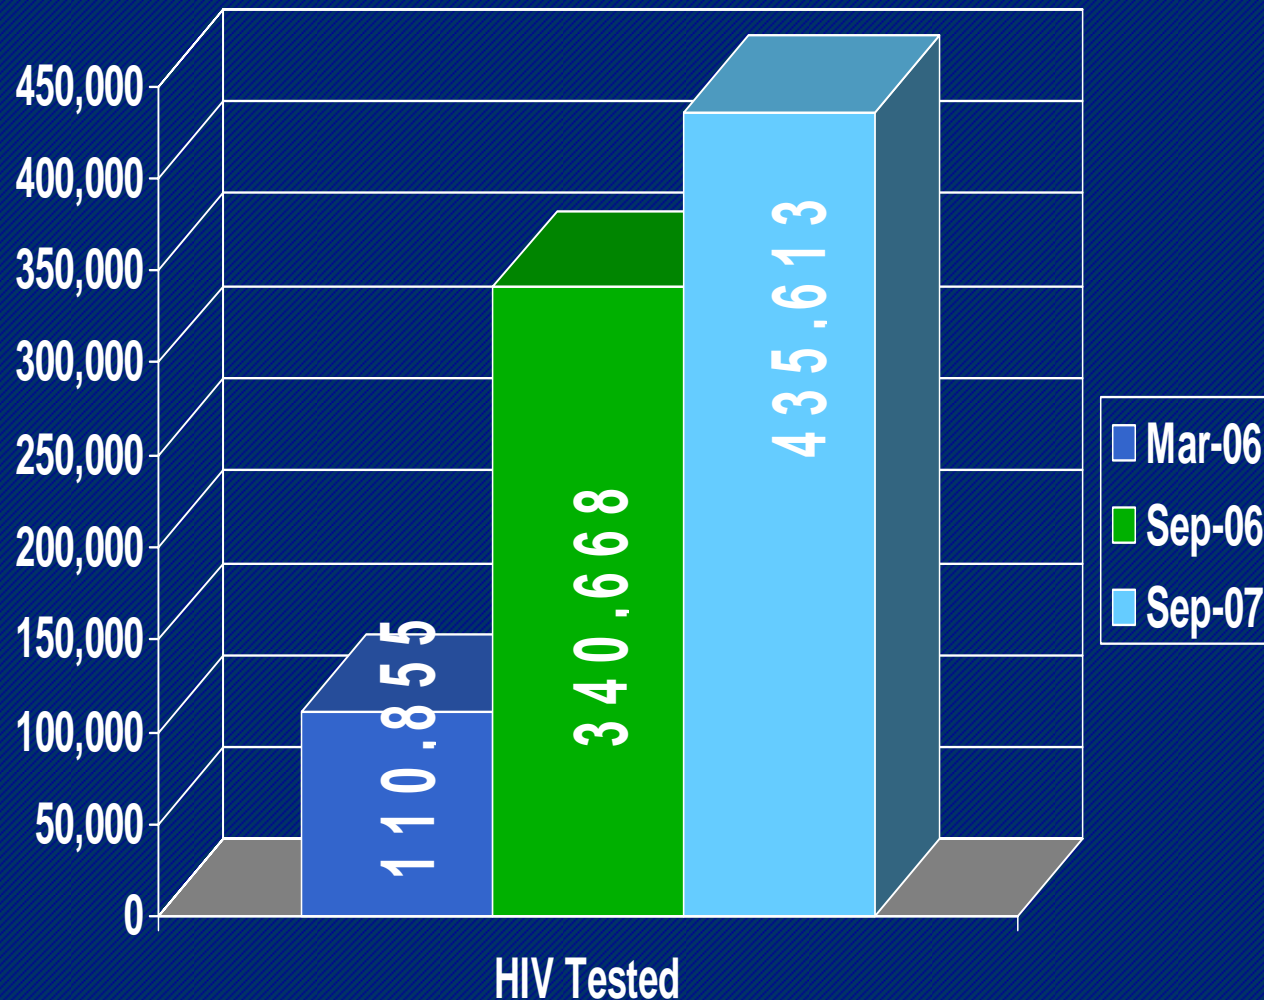

Implementation Issues

- Under reporting may be occurring as a result of the literacy levels of volunteers
- Need to think of innovative ways to improve data quality

Number of individuals who have received counseling and testing

Counseling and Testing Partners

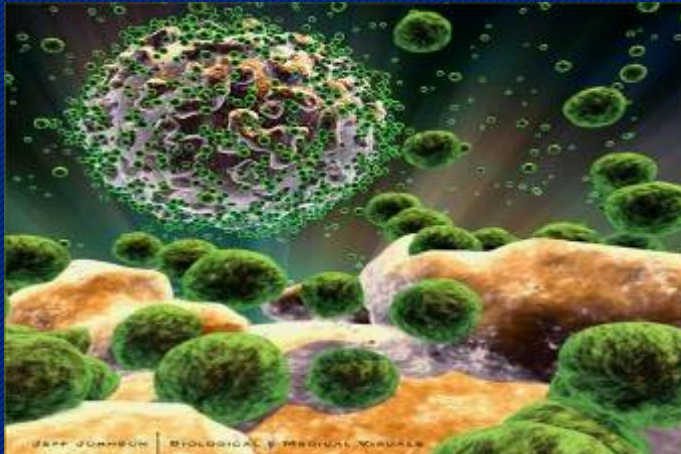

- National Department of Health
- National Department of Correctional Services
- National Health Laboratory Systems
- Absolute Return for Kids
- Academy Educational Development
- Africare
- American Center for International Labor Solidarity
- AURUM Health Research
- Broadreach Health Care
- Catholic Relief Services
- Columbia University
- Engenderhealth
- Foundation for Professional Development
- HIVCARE
- Hope Worldwide
- Humana
- Johns Hopkins University
- Management Sciences for Health
- McCord Hospital
- Medical Care Development International
- Medical Research Council
- Nelson Mandela School of Medicine/UKZN
- Population Council
- Perinatal HIV Research Unit
- Population Services International
- Reproductive Health Research Unit
- Research Triangle Institute
- Right to Care
- Sa Military Services
- University Research Corporation

CT Implementation Issues

- Need to conduct targeted evaluation: poor implementation or poor reporting?
- All partners must consider what they can do to increase HIV testing

Treatment

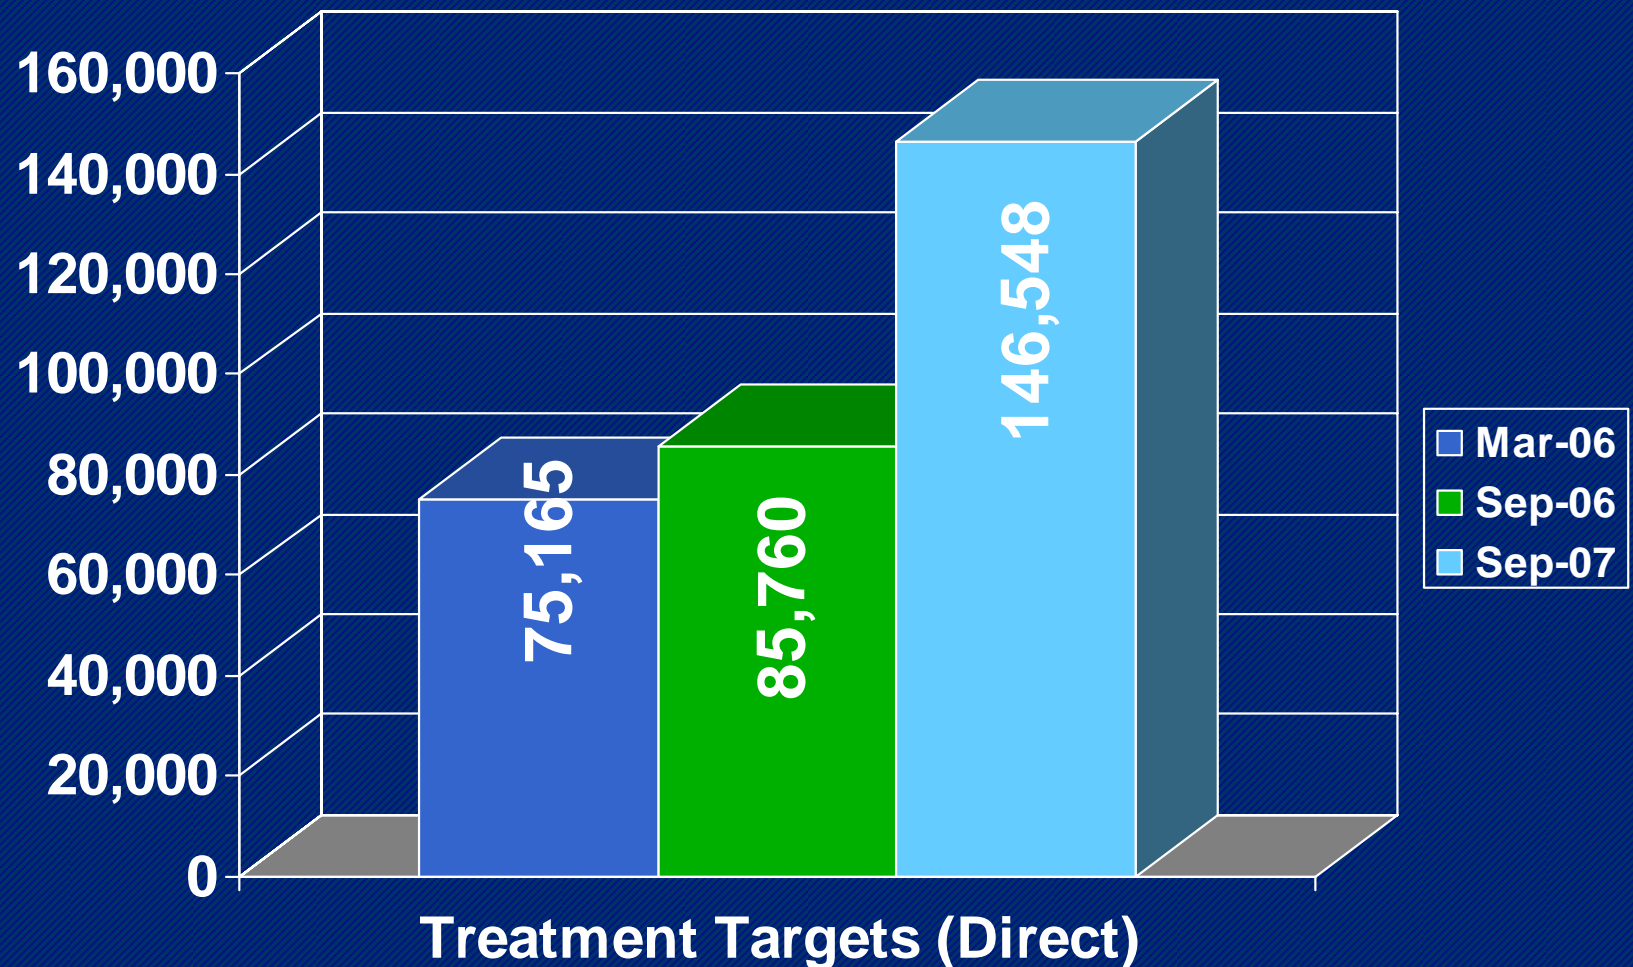

Procurement for Drug and Supplies

- Procurement questionnaire included in registration
- **Mandatory** *“Of the nature of, pertaining to, or conveying a command or mandate”*
- Results will assist in streamlining procurement issues
- Supply Chain Management Systems Presentation

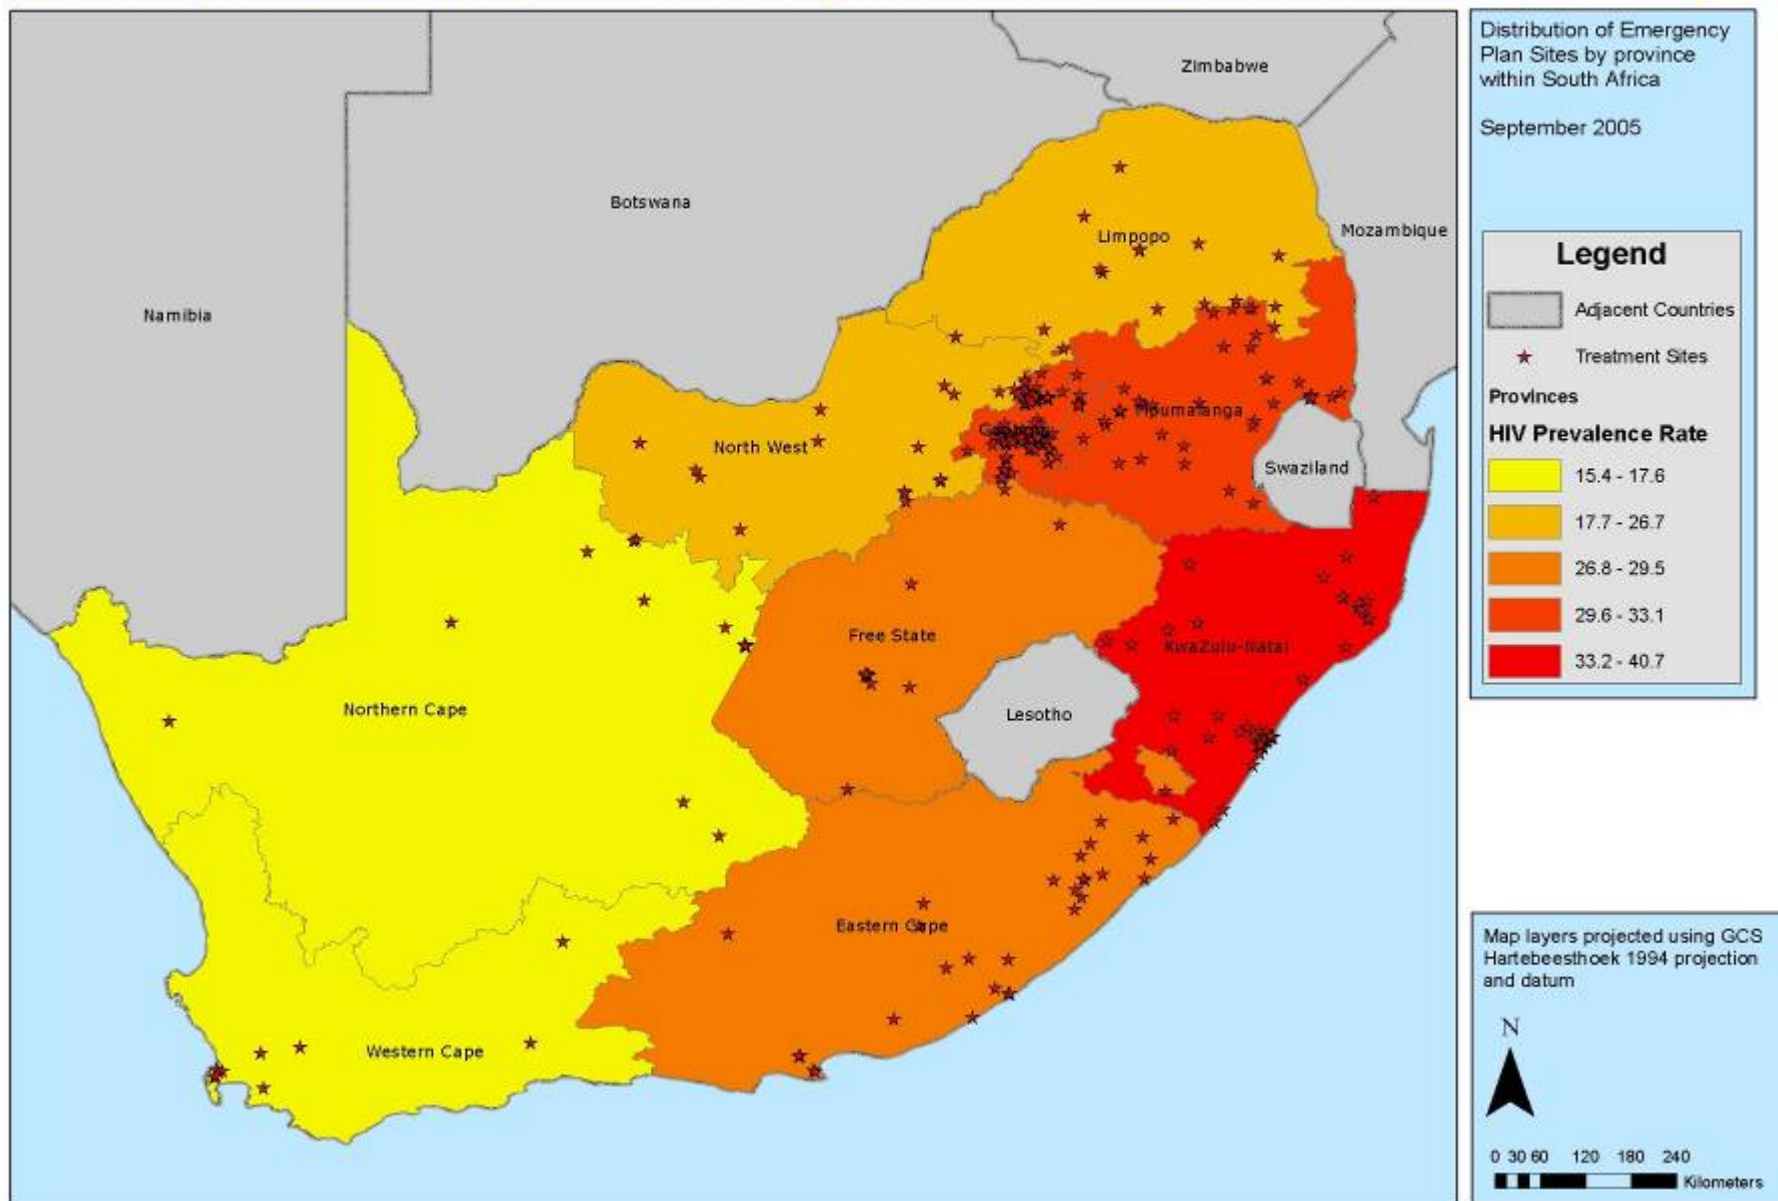

Treatment Partners

- National Department of Health
- Phidisa
- Africare
- Africa Center
- Absolute Return for Kids
- Aurum
- Columbia University
- Catholic Relief Services
- Elizabeth Glaser Pediatric AIDS Foundation
- Foundation for Professional Development
- HIVCare
- Medical Research Council
- Perinatal HIV Research Unit
- Right to Care
- Reproductive Health and HIV Research Unit
- MSH RPM Plus
- Right to Care
- Solidarity Centre

Number of individuals with HIV infection receiving ARVs

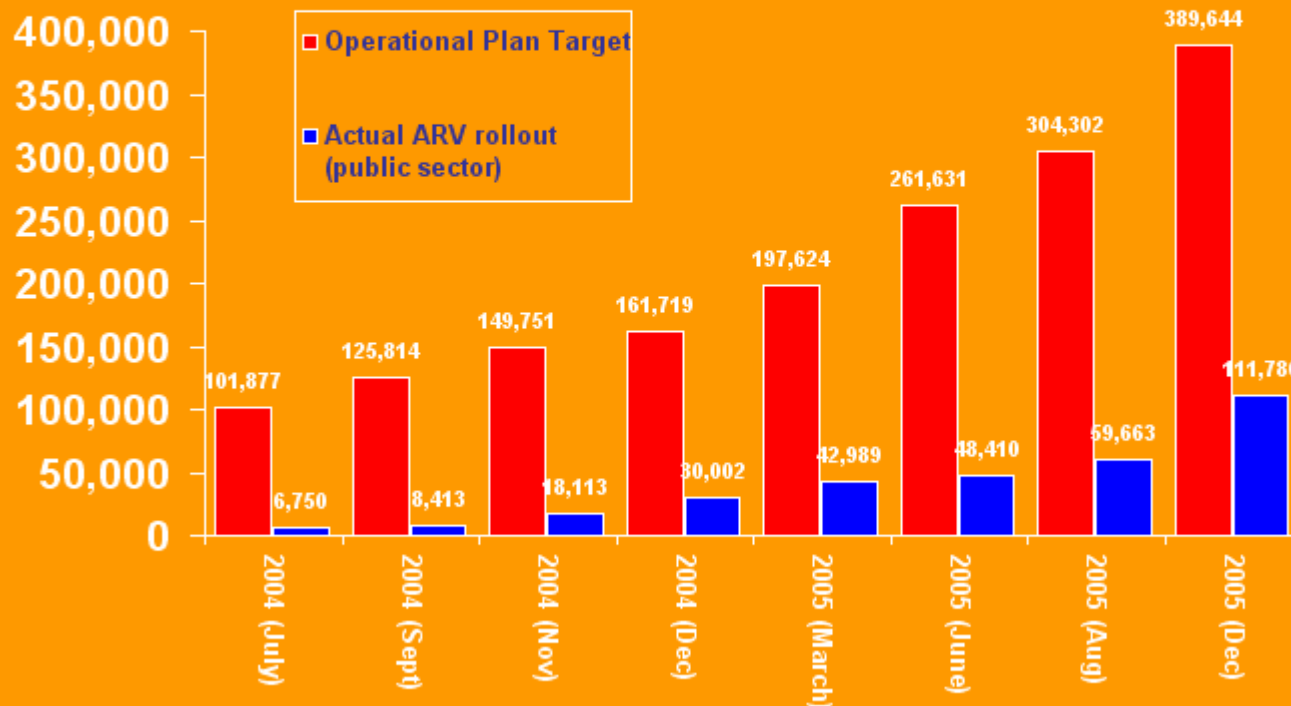

Emergency Plan Sites - National Map (Treatment Sites and HIV Prevalence Rate)

HIV/AIDS in South Africa 2005

Planned and Actual Growth in the Provision of Antiretroviral Treatment

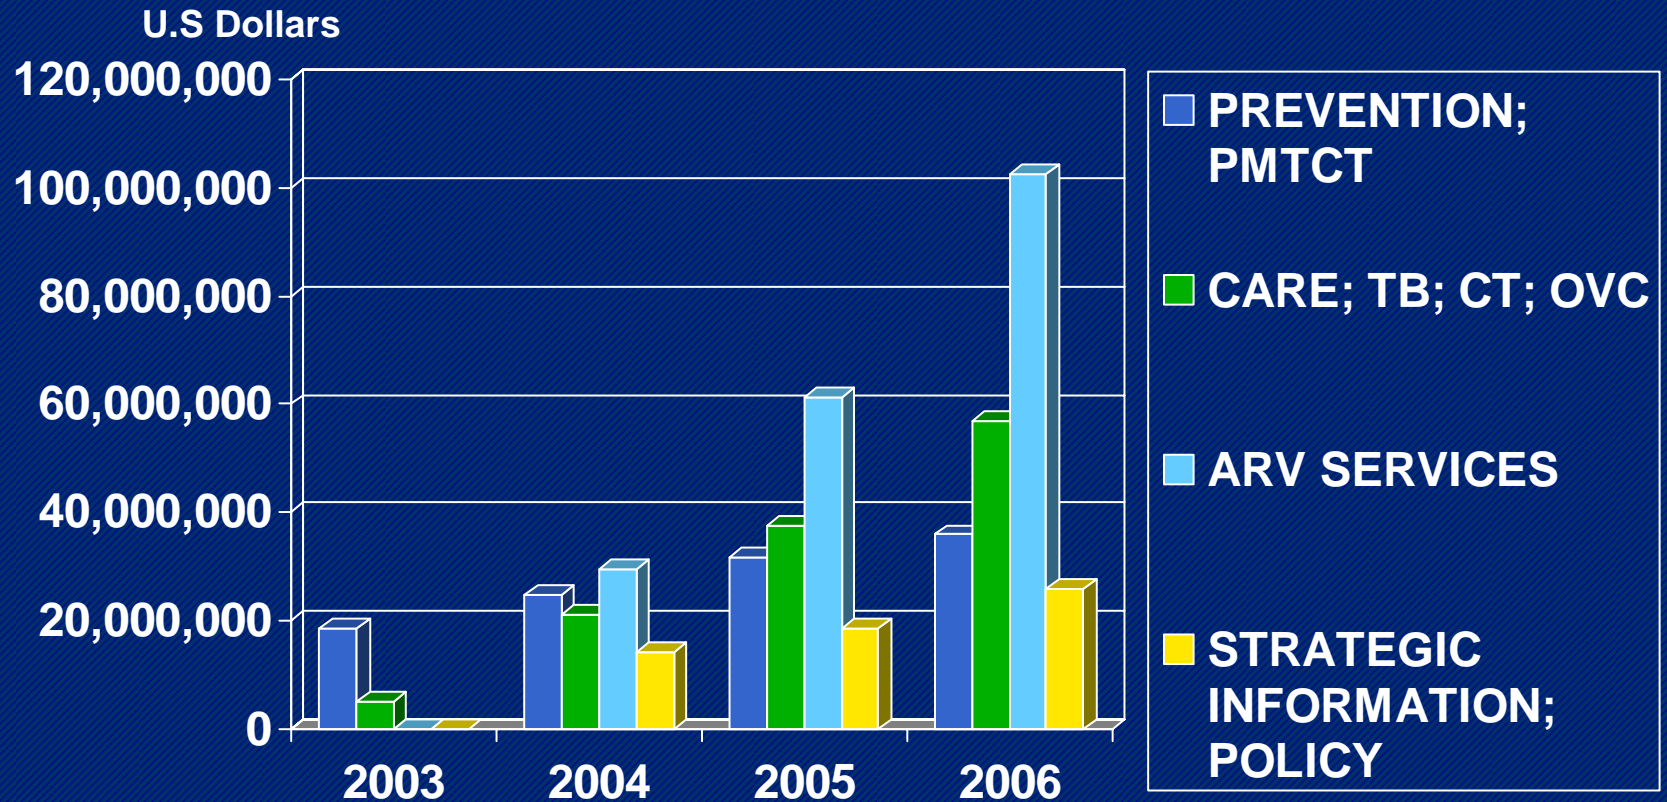

Source: AIDS, Science and Governance, 2006

Prof. Nicoli Nattras Director of Aids and Society research unit, UTC

Treatment Implementation Issues

- Need to increase pediatric treatment
- Integration of services
(especially TB and PMTCT)
- Creating sustainability

Emergency Plan Resources in South Africa
